...very often FAKE NEWS. Lamestream Media should be forced to reveal sources, very much as they did in the long ago past. If they did that, the media would be trusted again, and Fake News would largely be a thing if the past!

The Department of the Navy is focused on combating #COVID19, but other missions must continue. We can't give up the ship. Read this week's vector from Acting @SECNAV Thomas B. Modly.

The storm is coming Joe!!

We know that major drama is coming in the hot phase of a corruption purge that will shock the world and disrupt the collective consciousness of humanity forever. If not during a once-in-a-lifetime event when the planet is at home in lockdown, then WHEN?! [bbc.com/news/amp/world...](https://www.bbc.com/news/amp/world...)

The strategy for mass arrests of our domestic swamp appears be unfolding like a closing net, starting with outside accomplices moving in. We saw many foreign espionage indictments, El Chapo, Maduro. Epstein for sex trafficking. Charging George Soros would be a logical next scalp.

We're living an unexpected time where the TV billionaire was chosen to play a flawless role in a scripted military-grade operation, the genius of which defies comprehension for most, and while not to be glorified to the extreme, it means Trump cannot be second-guessed or doubted.

HOW TRUMP IS OWNING THE FED In the 1930s, a back door was installed in the Fed, so the elites could easily and secretly steal money from it. What is the back door? It is the Exchange Stabilization Fund (ESF), which is attached to the New York branch of the Fed.
