What if we're constantly disciplined for doubting God? What brought the fall of man in the first place?

I've been watching this spiritual war my entire life, there is real power in letting it ALL go & placing your entire trust in God.

It was the evening of Tuesday April 28, 2020, during the Second American Revolution, when a noticeable panic set in with the enemies while their communications were disrupted. Patriots stood firm and regrouped while the enemy fired in all directions. Death blossom.

The Clintons want to recruit an "army of contact tracers" that will hunt down infected individuals and interrogate them about who they associate with, so they can be quarantined in a "dignified manner".

They have already begun hiring people for this job.

We Are in a Silent/Irregular War Against an "Invisible Enemy" Running an Insurgency Against the USA

Q !!Hs1Jq13jV6 29 Apr 2020 - 3:22:44 PM

Read slowly and carefully.

Knowledge is power.

<https://2009->

[2017.state.gov/documents/organization/119629.pdf](https://2009-2017.state.gov/documents/organization/119629.pdf)

>Irregular warfare is far more varied than conventional conflict: hence the importance of an intellectual framework that is coherent enough to provide guidance, and flexible enough to adapt to circumstances.

>American counterinsurgency practice rests on a number of assumptions: that the decisive effort is rarely military (although security is the essential prerequisite for success); that our efforts must be directed to the creation of local and national governmental structures that will serve their populations, and, over time, replace the efforts of foreign partners; that superior knowledge, and in particular, understanding of the 'human terrain' is essential; and that we must have the patience to persevere in what will necessarily prove long struggles.

>Insurgency, however, can and will flourish in the modern environment. The strains created by globalization, by the collapse of weak state structures, by demographic, environmental, and economic pressures, by the ease of cooperation among insurgent groups and criminals, and by the appearance of destructive radical ideologies, all augur a period in which free and moderate governance is at risk.

[Insurgency is the organized use of subversion and violence to seize, nullify or challenge political control of a region. As such, it is primarily a political struggle, in which both sides use armed force to create space for their political, economic and influence activities to be effective. Insurgency is not always conducted by a single group with a centralized, military-style command structure, but may involve a complex matrix of different actors with various aims, loosely connected in dynamic and non-hierarchical networks. To be successful, insurgencies require charismatic leadership, supporters, recruits, supplies, safe havens and funding (often from illicit activities). They only need the active support of a few enabling individuals, but the passive acquiescence of a large proportion of the contested population will give a higher probability of success. This is best achieved when the political cause of the insurgency has strong appeal, manipulating religious, tribal or local identity to exploit common societal grievances or needs. Insurgents seek to gain control of populations through a combination of persuasion, subversion and coercion while using guerrilla tactics to offset the strengths of government security forces. Their intent is usually to protract the struggle, exhaust the government and win sufficient popular support to force capitulation or political accommodation. Consequently, insurgencies evolve through a series of stages, though the progression and outcome will be different in almost every case.]

Maine: As Maine Goes, so Goes the Nation...

Legislative Republicans issued a letter, calling on Speaker Gideon and President Jackson to reconvene the Legislature for the sole purpose of removing Governor Mills's Civil Emergency powers.

May 2, 2020

President Troy Jackson
3 State House Station
Augusta, ME 04333

Speaker Sara Gideon
2 State House Station
August, ME 04333

Dear President Jackson and Speaker Gideon,

We write to ask that you call the Legislature back in to session under Maine Constitution Article IV Part III Section 1 for the express and limited purpose of ending the Governor's "Proclamation of State of Civil Emergency to Further Protect Public Health" through an emergency joint resolution pursuant to MRSA Title 37B chapter 13 subchapter 2 section 743 part 2.

The successful management of any emergency declared by the Executive is dependent upon keeping the Legislature informed of the decision making process. The delegation of authority to a single decision maker in a time of emergency is necessary to ensure swift action; however, if that decision making authority is used without consultation with the legislative body, it is our obligation to rescind that authority and establish a new process working with the Governor that involves all parties to better serve Maine.

Unfortunately in recent weeks, concerns raised by the Legislature to the Governor have been met with disregard and even contempt.
