Stafford Act- Washington, DC

Signed: 01-11-21

<https://www.fema.gov/press-release/20210111/president-donald-j-trump-approves-emergency-declaration-district-columbia>

“authorizes FEMA to coordinate all disaster relief efforts which have the purpose of alleviating the hardship and suffering caused by the emergency on the local population, and to provide appropriate assistance for required emergency measures, authorized under Title V of the Stafford Act, to save lives and to protect property and public health and safety, and to lessen or avert the threat of a catastrophe in the District of Columbia.”

FEMA involvement:

MD: FEMA camps being set up? You would want quick access of assets

if a real catastrophe occurs in DC...

What is the Deep State threatening? Dirty Bomb? (Speculation)

Federal control of military on the ground...POTUS

Why are 20K+ troops needed in DC for Jan 20th?

Is something big being prepared for?

“The troops are necessary to protect Trump from the “color revolution” attempt of the radical Left, which will activate the moment they see Biden not getting inaugurated.” - Mike Adams

The Insurrection Act

<https://beforeitsnews.com/politics/2021/01/us-federal-law-the-insurrection-act-of-1807-3222889.html>

The Insurrection Act of 1807 provides a “statutory exception” to the Posse Comitatus Act of 1878, which limits the use of military personnel under federal command for law enforcement purposes within the United States.

Has the President signed an order to invoke it?

POTUS will have complete control of any troops in DC....

Martial Law

<https://legal-dictionary.thefreedictionary.com/Martial+Law>

“To a varying extent, depending on the martial law order, government military personnel have the authority to make and enforce civil and criminal laws. Certain civil liberties may be suspended, such as the right to be free from unreasonable searches and seizures, freedom of association, and freedom of movement. And the writ of Habeas Corpus may be suspended (this writ allows persons who are unlawfully imprisoned to gain freedom through a court proceeding).”

“CCP attacked our country with a biological weapon. CCP attacked us again to steal election.

CCP wants our land to grow food.”

Responses:

1. [EO 13848](#) Signed 9/12/2018 imposes certain Sanctions of Foreign Interference in an USA Election: **Still in effect**

2. Brand New EO quietly signed on 11/10/2020 on CCP Involvement and how the DOD / DHS plays a vital role in this EO:

Trades, securities trading, etc. in connection with the CCP or CC Military is prohibited. Effective 11/11/2020 – 11/11/2021.

- **Over 200 Chinese companies taken off US stock market this week.**

Bottom Line: multiple countries interfered with election (act of war). Both Plandemic and election interference violate EO 13848.

Trump announced “offensive cyber operations” just one week after signing his Sep 12, 2018 Executive Order. | **Think Kraken...**

Results:

“The election theft was cyber warfare against critical U.S. infrastructure.” Kraken released....(305th MI BN)

“Trump, Miller, Cohen-Watnick and other key players put the cyber warfare infrastructure in place in 2018 that would allow them to unleash a domestic military response to arrest, detain and prosecute all those who were complicit in the attack on America.”

Unconfirmed Observations:

National Assembly: Take this to the Lord...

Sorry for the delay, we've been waiting to get more info before reaching out. We've been getting a lot of texts and emails wondering where I went - man you guys are antsy! lol

Ok we had another Zoom call last night with retired Generals, Colonels and also Lin Wood. Here's what they covered: (don't be alarmed this one is pretty heavy but ends well)

Everyone is upset and impatient that no trigger has been pulled yet. But make no mistake, the President

**will do what is necessary to defend the constitution.
Much is being done out of public view...**

- 25,000 troops are now in DC, under the guise of riot control for the inauguration.

- More troops across the country - all major Democrat cities - are on standby which is 1hr recall.

- POTUS just designated Cuba as a terrorist state (relating to election interference)

- POTUS just delisted a number of Chinese companies from having business being done with them.

- The recent blackouts in Italy (Vatican), Pakistan & Iran were from our Space Force - they temporarily took out parts of their power grid from up there. This was in preparation for war with China and Iran. Don't panic! This isn't conventional war with tanks and bombs and bullets - it's cyber warfare including satellites that can knock out communications and data centers. If you ever wondered why the Space Force was instituted by POTUS a while back, it wasn't just about going to Mars. It was for this. Other countries have satellites up there that can do stuff to us - we have them now too and they work.

- There are now 250,000 Chinese troops surrounding us, 75,000 in Canada and the rest in Mexico. The generals said if they set foot in this country they will be wiped out swiftly as they are

ready. (I know, this is scary but hang on everything will be fine)

- POTUS at the Wall in Texas yesterday was a signal to let China know he means business as a sign and that he is in charge.

- POTUS will be getting in front of the people to produce evidence so the people know he is the real elected President. He may have to use the Emergency Alert System to do this in 2-3 days. When I give you a timeline or dates they can be disinformation given to us on purpose, so we will not be told the real dates as our calls are being listened into.

- The Mayor of Oklahoma City was informed by POTUS on Monday via email that the Insurrection Act has been enacted and arrests will begin in that city. This is the first of many cities this will happen in. So we now have confirmation that the Insurrection Act is in place!

- DON'T BELIEVE THE MEDIA! It's all optics. One Colonel noted that in war, it's important to draw your enemy out in the open. POTUS has been doing EXACTLY that. Look at all the rats that have been revealing their true identity. POTUS has been separating the wheat from the chaff, especially these past 2 weeks.

- This election was cyber warfare on our country. A paper was sent to the White House on the voting in 4 states that showed Chinese cyber attacks moving

votes from Trump to Biden. They have proof of this now. This is a foreign country involved in our elections so this has been escalated from a domestic issue to an attack from a foreign enemy. This has moved from a constitutional voting issue to a national security issue now.

- Covid was a biological attack on our country to shut down our economy and push the Mail-in Ballots Nationwide in order to pull off the steal along with the Dominion Machines.

The virus was a man-made Bio-weapon created in a Wuhan Lab to take out as many of our elderly and the weak as possible to incite more fear globally. They needed the death counts to rise to continue their plan to take over our country. This is why every death was marked as a covid death regardless if they had it or not.

The Generals and Gen Flynn encouraged us all as Patriots to RESIST all across this country and yes Canada too. Take off your Mask. Go to Church and Open your businesses. They can't stop us when we all RESIST! There aren't enough jail cells to hold everyone. Those were our orders to get the message out to the masses. There is no mandate in our Constitution Law to keep people from seeing each other or close their business.

- The Capitol Building attack was Antifa and BLM driven - all tactical deception as they call it in the military. It's common practise.

Ok.... no one is getting nuked and you don't need to take this at its worst. But you need to be prepared. There could be blackouts, internet down, cell phones down for short periods. Make sure you have ways to keep your food cold etc. if the power goes out, and don't panic! Democrat controlled and big cities may be hit the worst because BLM & Antifa will riot and loot when Biden isn't seated. That's why the military is on standby. I know the number of Chinese troops around us is a scary thing but they are only coming in if Biden was seated. Then they would start the move on changing our country - it's not a pretty thought. But that's not happening. I know the Joint Chiefs put out a letter they are supporting the new President Biden on the 20th - what else are they supposed to say right now? It's all optics to keep things calm. Remember. If POTUS doesn't stop this, he will be hunted down and arrested along with his entire family by the left. That's a fact. And with him gone, our country is gone too. He knows this. He's not going to sit there and do nothing. From now to the 19th is show time, we just don't know exactly when.

So yes, we are in a full blown Military Operation right now to remove the threats and install our President back in power and control the violence in the big cities. Keep in mind, if the lights go out, and Biden is not President, it's not China coming in here, it's us knocking out the lights to weed out the bad guys. Massive arrests will be happening then.

On a side note, The Space Force has actually been around a long time, POTUS is the one that disclosed it to all of us. It used to be called the Secret Space Program. Remember when Rumsfeld announced \$2 Trillion had gone missing and they don't know where it went? He announced that the day before 9/11. The next day, a "plane" struck the Pentagon in the exact place where those files were kept. The money went to build the Secret Space Program. POTUS is using it to protect us.

Everything we are hearing and seeing in the news is all optics and the corrupters are in full PANIC in DC. This war is all about implementing the new Republic in order to introduce to the World a new currency that is Gold asset backed and run on the New Quantum Financial System which replaces the Central Banks and SWIFT.

209 Countries have signed on. (yes I know Google says there are 196 countries but the UN recognizes 251) SOS Mike Pompeo did the Satellite tests Monday via "Voice of America" to all 209 Countries with over 40 languages translating in real time. This has never been done before. This was a test to see how many Network channels would cover it and there wasn't one. They did it again the next day and they know that they can circumvent Big Tech to communicate with the USA and Canada (first priority) and the rest of the world using the new (EAS) Emergency Alert System.

Everything they are panicked about is the world finding out about their Pedophilia and Child Sex Trafficking Rings they have all profited from for decades. The President loves this country and loves the people and is committed to financially restore all that has been lost since Covid started. Today we have seen Executive orders for GA, PA, CT, UT and LA declaring them a State of Emergency for Disaster. This is for the Military to move into place which will be completed by tonite. The President is very patient and still holds all of the Trump Cards and they know it. He has cornered them all like rats in a corner.

Also keep in mind this is all unprecedented. We are in a war already - people being taken off Facebook, Twitter and Instagram and/or having 1,000's of followers taken away if you have supported this President or speak out against the lockdowns or vaccines. Even the President himself was silenced. This is communism and it's already here, this isn't America... that's why POTUS will fight. Be patient.

What we need to do is share this to get the message out to Trust the Plan. As Lin Wood said....All Lies will be revealed. The outcome will be Glorious.

We may begin to see things as early as tonite and we are hearing that it will become hot around the 18th-19th.

Stay in Prayer. Stay in Faith. This is for our Freedom and we will WIN!

Situation Update, Jan 14th, 2021 – An astonishing theory: FEMA and the US military will save America at its final hour

(Natural News) Today's Situation Update for January 14th examines the two competing theories for the outcome of the rigged 2020 election. In one outcome, Trump has given up, Biden will be sworn in, and the United States of America will be plunged into a communist-controlled authoritarian police state that silences conservative ... WARNING: Adams Video of Jan 16th bashes Quality birdy. Who ya gonna believe?

Factoid: The president of the United States is the commander-in-chief for the District of Columbia National Guard https://en.wikipedia.org/wiki/District_of_Columbia_National_Guard (delegated to Service Secretaries- Army/AF)
Other NG troops can be placed under POTUS if necessary (from state status to federal status quickly)

Bottom Line: The military option under acts of war are likely well underway...with or without Insurrection Act signed. 10 USC, Section 394 Suffices to activate military responses IMO along with Continuity of Government Provisions to protect our National Essential Functions.

- Protect Constitutional Government
- Protect against threats to the homeland
- Prevent/interdict attacks

Prayer Targets

2 Kings 10: 18-19 ESV. Then Jehu assembled all the people and said to them, “Ahab served Baal a little, but Jehu will serve him much. Now therefore call to me all the prophets of Baal, all his worshipers and all his priests. Let none be missing, for I have a great sacrifice to offer to Baal. Whoever is missing shall not live.” But Jehu did it with cunning in order to destroy the worshipers of Baal.

Prov 21:15, ESV. When justice is done, it is a joy to the righteous but terror to evildoers.

Prov 21:31, ESV. The horse is made ready for the day of battle, but the victory belongs to the Lord.

Luke 8:17, ESV. For nothing is hidden that will not be made manifest, nor is anything secret that will not be known and come to light.
