Bill Gates makes a kids' cartoon selling them on the idea of being bar-coded (QR code, actually) multiple times a week at school.

## Robert F. Kennedy Jr: 'New COVID Vaccine Should Be Avoided At All Cost'

Saturday, November 21, 2020 9:49

HUMAN  
RIGHTS

Robert F. Kennedy Jr

*"Every part of our lives will be subject to control. This virus is about training us for submission, training us to do what we're told. To not go to the beach unless we're told, to not kiss our girlfriend without their permission. They're turning us into production units and consuming entities. They are going to rob us not only of our democracy and our liberties, but our souls. They are going to inject us with the medicines they want and they're going to charge us for the diseases they give us. They are going to control every part of our lives. What we are doing at Children's Health Defense is using the last instruments of democracy we have left - the Courts - to fight them. We are in the last battle. We are in the apocalypse. We are fighting for the salvation of humanity. We all knew this was coming, though I never believed it would come in my lifetime. But here it is."*

We have normalised house arrest. We have accepted not seeing our loved ones. Society is fractured. Forced medication and travel papers are coming. It's real and it's here. At what point are you going to resist? Find your battle lines now because soon you won't have an option
